EDUCATION SECRETARIAT

ORDER NO. E. 9105-9-UNI. 120-46-8,, DATED BANGALORE,
THE 20TH JUNE 1947.

Sanctions the Establishment of a Teachers' Training College, Mysore, as a Constituent College, under the control of the Mysore University from 1947-48.

READ—

1. Government Order No. E. 5720-22—Edn. 10-25-5, dated the 14th April 1926, according sanction to take over the Marimallappa's High School under the control of Government.
2. Memo No. E. C. 2938—45-46, dated 21st June 1946, from the Commissioner for Economic Development and Planning in Mysore, Bangalore, forwarding the resolution of the Committee for Education regarding the establishment of a Teachers' Training College, in the State.
3. Letter No. C. F. 458-9—46-47, dated 28th September 1946, from the Secretary, Co-ordination and Finance Committee, Bangalore, forwarding the resolution of the Committee conveying the general approval to the skeleton scheme for re-organising the training arrangements on more satisfactory lines, for graduate teachers and the establishment of a Teachers' Training College in the State.
4. Letter No. Ex. 3-773—43-44, dated 5th November 1946, from the Registrar, Mysore University, submitting proposals for the establishment of a Teachers' Training College in Mysore.
5. Un-official Note No. 45—46-47, dated 26th December 1946, from the Director of Public Instruction on the subject.
6. Un-official Note No. Ex. 3-773—43-44, dated 15th January 1947, from the Registrar, Mysore University, on the same subject.

The B.T. Course which extends over a period of one year is at present conducted by the Mysore University and the B.T. Classes form part and parcel of the Maharaja's College at Mysore, a separate staff being provided therefor. The practical training for the students of the B.T. Classes is arranged in the several local High Schools. The present syllabus of the Course is intended to train mostly teachers for high schools and there are no practising middle and primary schools.

The Policy Committee for Education and Committee for Finance and Co-ordination, on examining this question have recommended sanction to the establishment of an independent Teachers' Training College to provide trained teachers for all grades of schools, including the Inspectorate of the Department of Education and that the University might revise the present course of study suitably and make necessary arrangements in the matter.

The University who were requested to make definite proposals for implementing the above recommendations state that the present arrangement of the B.T. Classes being attached to the Maharaja's College, Mysore, has hampered

the functioning and development of the B.T. Course to a great extent and that, in the present times of changing educational values, it is very necessary to see that the Teachers' Training College is properly organised so as to equip teachers with a sound knowledge of educational principles and technique and methods of educational investigation and researches. The University have therefore proposed the establishment of a Teachers' College in Mysore as a constituent College of the University, with a view—

(1) to provide training to graduate teachers already in service but are untrained, and to graduates who desire to enter the teaching profession either as teachers in Middle and High Schools or as Inspecting and Supervising Officers, and

(2) to establish an experimental and research educational laboratory in order to initiate, stimulate and guide experiment and research in education. The College is to have practising schools of all the three grades, namely, High, Middle and Primary, attached to it, with a limited number of sections to allow organisation of teaching on proper lines and experimentation in methods of teaching and organisation, the present practice of teaching in the local High Schools being however continued with a view to provide adequate teaching practice to students under supervision. The practising schools to be attached to the College are proposed to be equipped on up-to-date lines to serve as model institutions in the State, the Headmaster and the staff of these schools being selected, on tenure basis, and on grounds of merit from the Department of Education, out of teachers of experience and ability. Further it is proposed to locate the College at Marimallappa's High School, Mysore, taking over the control of the building and equipment of the above school from the Department of Education and to construct the extra block to meet the requirements of the College.

The Director of Public Instruction who was consulted in the matter has stated that there is no objection to the University taking over the Marimallappa's High School with its buildings and appliances, but the University will have to consider in this connection the following points mainly affecting the financial aspect of the scheme:—

(1) That the Middle School Section which is now attached to the Marimallappa's High School has to be taken over by the University.

(2) That the Marimallappa's High School, which was formerly an aided one and was taken over by Government in accordance with Government Order No. E. 5720-22—Edn. 10-25-5, dated 14th April 1926, subject to certain conditions stipulated for the running of the school in the Government Order referred to above and in the subsequent proceedings of the District Judge, Mysore, permitting alteration in the then existing scheme of the management of the trust, have to be adhered to by the University. These conditions are:—

(a) that the present name of the school should be retained, (b) 65 Lingayet students or 40% of the total number of students of this community studying in the High School, whichever may be greater, should be treated as free students, the students of the other communities being awarded freeships to the extent of 20% of their total strength as in other Government High Schools, and (c) the advisability of giving preference to Lingayet students in the matter of admissions to the school should be kept in view so far as financial and other considerations may permit.—

(3) That, in view of the number of sections in the proposed Practising High and Middle Schools being less than the number of sections now existing in the Marimallappa's High School, certain financial adjustments are necessary between the Department of Public Instruction and the University.

(4) That the University would have to take over such of the gazetted officers, pandits and peons of the Marimallappa's High School which the Department may find it difficult to absorb.

The Registrar, Mysore University, who was further consulted in the matter has stated that (1) the Middle School Section of the Marimallappa's High School also will be taken up, the University adhering to the existing scheme of Management of the Trust and fulfilling the conditions therein as noted by the Director of Public Instruction; (2) the University will be agreeable to any financial adjustment with the Department of Education that may be necessitated by the proposal to restrict the High School sections to six and the Middle School sections to four and (3) the University will be agreeable to select the staff from among the teachers in service in the Department of Education in consultation with the Director of Public Instruction and also to take over the gazetted officers, the pandits and peons whom the Department may find it difficult to absorb elsewhere. He has also stated that the details of financial apportionment as between the Education Department and the University may be worked out by mutual consultation after the scheme is sanctioned.

The cost of the scheme as proposed by the University is estimated to be Rs. 2 lakhs (Rupees two lakhs) non-recurring and Rs. 35,000 per annum recurring exclusive of the cost of the present buildings, equipment and staff.

In the circumstances, Government are pleased to sanction the establishment of a Teachers' Training College at Mysore as proposed by the University and as agreed to by the Director of Public Instruction, with the following modifications which do not involve any reduction in the estimated cost:—

The scale of pay of Assistant Professors should be of the revised grade Rs. 250-25/2-350, the pay of the Head Master of the Practising High School should also be Rs. 250-25/2-350. The scale of pay provided for the two clerks should be Rs. 60-4-80 and Rs. 30-2-50-2-60, as against the proposed scales of Rs. 60-5/2-80 and Rs. 30-5/2-60 respectively.

A provision of Rs. 50,000 for non-recurring expenditure and Rs. 25,000 for recurring expenditure has been made in the University Budget for 1947-48 and necessary provision will be made in future budgets of the University.

A statement showing the details of the scheme as sanctioned by Government involving a total cost of Rs. 2,34,365 is appended to this order.

The Registrar is requested to take immediate action for the opening of the College from the next academic year 1947-48.

K. THIPPERUDRIAH, *Edn. Secy.*

FINANCIAL SECRETARIAT

Sanctions the continuance of enhanced rates of Daily Allowance and Mileage till the end of December 1947.

READ—Government Order No. 5022-5092—S. & A. 83-46-2, dated the 6th January 1947, directing that the enhancement by 33 1/3 per cent of the rates of Daily Allowance and Mileage admissible under the provisions of the Mysore Service Regulations in respect of officers of Government and the Non-Official Members of the Committees and other Public Bodies for attending the meetings of those bodies (subject to a minimum daily allowance of Re. 1 for halts in Bangalore City and Re. 0-12-0 in the case of all other places in the State) be continued till the end of June 1947.

ORDER NO. FL. 21-90—S. & A. 5-47-2, DATED BANGALORE, THE 2ND JULY 1947.

Government are pleased to direct that the enhanced rates of Daily Allowance and Mileage referred to in the Government Order read above be continued till the end of December 1947.

M. SHAMANNA, *Finl. Secy.*

Sanctions Special Rates of Travelling Allowance to members attending the meetings of the Constituent Assembly.

ORDER NO. FL. 134-137—S. & A. 10-47-2, DATED BANGALORE, THE 7TH JULY 1947.

Government are pleased to direct that members of the Delegation to the Constituent Assembly be allowed to draw the following rates of Travelling Allowance for their journeys from the State to attend the Assembly Meetings:—

Railway Fare ... Double First Class.
Daily Allowance ... Rs. 35 (Rupees thirty-five) per day.
Mileage ... Re. 0-8-0 a mile.

The members will be allowed to draw Daily Allowance in addition to the days of the Session, for three days prior to and three days after the Session.

M. SHAMANNA, *Finl. Secy.*
